Summary

I'm a 25 year old software engineer based in Malaysia . I'm passionate about building modern software that helps others (including me) to improve their lives.

I'm working as a Intermediate Front End Developer at Xamble Group Limited (formerly known as Netccentric Limited) is a thriving digital ecosystem that is listed on the Australian Securities Exchange (ASX:XGL) [xamble.com](https://www.xamble.com), so if you want to hire me, check the sections below. I'm always open to innovative ideas and solutions, so I think we're gonna get along.

I love talking to interesting people, in my free time I also like to just read or play a game of chess. I love swimming too.

Experience

Junior Front-end Developer

Thuleen Sdn Bhd

Sep 2019 - Jan 2021 (1 year 5 months)

I worked collaboratively with managers to identify the requirements for blockchain technology and conceptualized its functionalities. Additionally, I implemented state-of-the-art cryptography techniques to safeguard digital transaction data against cyber threats and security breaches. Staying up-to-date with the latest advancements in blockchain technologies and cryptographic methods was also a crucial part of my role. Moreover, I was involved in the development cycle, utilizing React and Express for the development process.

Software Engineer (Full-Stack JavaScript)

Bawallory Sdn Bhd

Feb 2020 - Feb 2021 (1 year 1 month)

Web and Mobile Developer specializing in geofencing ecommerce solutions using Flutter. With a passion for crafting location-based shopping experiences and building cross-platform mobile apps, I create innovative solutions for businesses. I also excel in designing intuitive admin dashboards for seamless system management

Software Programmer

Xamble Technologies

May 2021 - Present (2 years 5 months)

I'm a developer at Xamble Social Wallet, specialising in Flutter mobile apps and Web3 technologies. I create intuitive admin dashboards and mobile apps that empower brands and influencers to engage with their audiences seamlessly. Let's work together to bring your digital initiatives to life.

Education

Universiti Teknologi MARA
